

Tom JM Van Dooren First Grade Researcher CNRS (CR1)
tvdooren@gmail.com tomvandooren.eu
Nationality: Belgian

Studies in Graphic Fine Arts (1986-1989) Military Service (1990-1991) Biology studies
University of Antwerp (1990-1994).

07-09.1994 Leiden University, The Netherlands

Theoretical Biology ESF Scientific Programme on Population Biology.

1994-1999 University of Antwerp, Belgium

Department of Biology, Laboratory of Animal Ecology

Ph.D. project (supervisor Prof. E. Matthysen).

2000 University of Antwerp, Department of Biology

Post-Doc research assistant.

2000-2003 Leiden University, Section Theoretical Evolutionary Biology

Post-doc for the EU Modlife research training network.

2003-2010 Leiden University, IBL, Section Animal Ecology

Assistant Professor in Animal Ecology. Tenured term since 09.2006.

2010 Netherlands Centre for Biodiversity Naturalis, Leiden

Primary task consultancy: formulation of the institutional plan for biodiversity informatics.

2010-2013 UMR 7265 Ecology and Evolution, Ecole Normale Supérieure, Paris France

CNRS Chargé de recherche Classe 1.

2014- UMR 7618 Institut of Ecology and Environmental Sciences Paris (IEES)

CNRS Chargé de recherche Classe 1. Equipe VPA, chef d'équipe.

43 Publications, of which 2 abstracts; 40 publications listed in ISI WOS.

12 first-author publications, 17 second author, 6 last author.

>800 ISI Web of Knowledge citations (6 % self-citations). h-index 18, m-index 1.12.

Grants

1994, ESF Programme in Population Ecology. grant to work in Leiden with Hans Metz.

1994, IWT Belgium, grant for four-year PhD research position.

1995, NFWO Belgium, grant for four-year PhD research position.

1996, NFWO Belgium, grant for material, 15.000 euro (with E Matthysen).

2001, ESF Programme in Theoretical Biology, travel grant to visit Olof Leimar in Stockholm.

2003, NWO VENI grant to TJM Van Dooren (3-y post-doc position, 200 000 euro).

2003, NWO ALW Open Competition post-doc grant (2-y post-doc position, with Hans Metz).

2007, Schure Beijerinck Popping fund fieldwork in Uruguay (2500 euro).

2010, Grant from the Treub foundation for fieldwork in Salta, Argentina (1500 euro).

2012, ANR France BIOADAPT Grant on modelling epigenetics evolution experiments using *A. thaliana* (with Vincent Colot PI CNRS, ENS, and Olivier Loudet INRA, 464 410 euro).

PhD supervision. Co-promotor of Claus Ruffler (Leiden, PhD 2006), Inke van der Sluijs (Leiden, PhD 2008) Michel Durinx (Leiden, PhD 2008) and Mahmoud Moshgani (Leiden, 2005-2011). Co-supervision of Andrew Helmstetter (Imperial College London, with V. Savolainen and A. Leroi).

Member of the Editorial Board of *Journal of evolutionary Biology* 2005-2012. Reviews for over 20 other journals. Member of PhD thesis committees in Bergen (1), Groningen (2), Leiden (>5), Lyon (1), Oslo (1), Paris (1).

Member of the Argentinian Killifish Association GAK, Killiclub de France, the Belgian Killifish Association and the Dutch Killifish Association.

Invited lectures at 12 international conferences, 15 invited seminars abroad, 19 international courses, conference sessions and workshops organized.
